## Next Steps cont.

You will receive an email to your fresnoU email address in the Spring with all your courses listed.

If you like your courses, you don't need to do anything

If you do not like you courses, please follow the directions in the email to make changes and make note of the deadline.

These Courses are used to decide how many classes and teachers we need to offer at BHS. After the deadline, courses are scheduled and space is limited. Please make sure you take time to look it over so you are not disappointed when you want to change later and there is no space, or it does not work in your schedule.
