Grades, Class Rank, Grade Point Average

The grading system is A=4, B=3, C=2, D=1, F=0 for all classes. On the school transcript (cumulative school record), the grade point average labeled "Augmented Cumulative GPA" is reported on college admissions forms. This GPA reflects grades earned beginning in grade 10 and is weighted by adding .04 grade points for each grade of "C" or higher in advanced placement and honors courses. FUSD caps the augmented GPA at 4.32. Both an augmented and non-augmented GPA and rank are reported for each student. Initial class rank is determined by using this augmented GPA for the four semesters in grades 10 & 11. The final ranking is made after the third quarter of grade 12.
